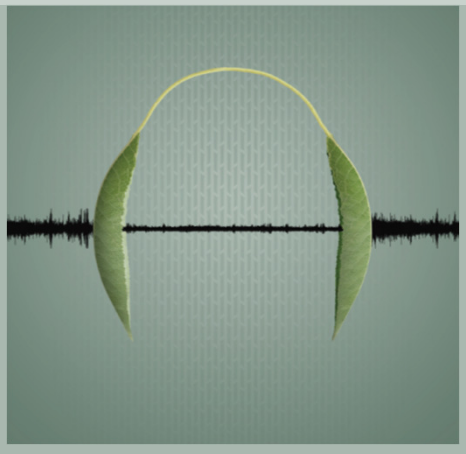
NATURE BASED NOISE SCREENS, FENCES & HURDLES

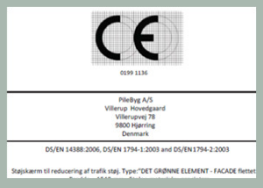
NOISE SCRENS

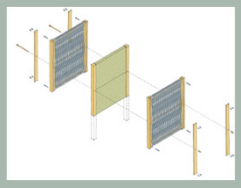
NATURE BASED NOISE ABATEMENT

- ✓ The NATURE BASED NOISE SCREEN is CE certified; offers optimal noise reduction and a long service life.
- ✓ The façade obtains a beautiful patina; 'Raw' nature ages with the grace of nature and does not attract graffiti.
- ✓ 160 Kg CO2e saved per square meter of NATURE BASED NOISE SCREEN compared to a steel screen.
- ✓ None or minimal maintenance.
- ✓ Awarded the Danish Design Award.



ASK FOR OUR TECH SPEC





FENCES & HURDLES

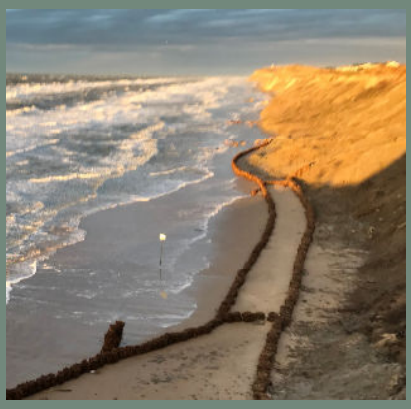
NATURAL SHIELDING

- ✓ Fences and #DIY hurdles are woven in strong willow stems, grown and harvested extensively in our climate forest.
- ✓ For ready-made fences, steel crossbeams ensure dimensional stability; the steel is laid into the frame itself to ensure strength.
- ✓ All rods are dried prior to weaving. This ensures a tight weave, so you ensure stability shape and form of the element.
- ✓ Raw nature ages with the grace of nature - and the fence is designed so that maintenance can be omitted.

READY-MADE OR #DIY – WE WILL ASSIST YOU

TRADITION & INNOVATION

- ✓ 5500 tons CO_2 is stored annually in our climate forests.
- ✓ 9 of the 17 UN Sustainable Development Goals are everyday guidelines for us; and produced in Denmark accordingly.
- ✓ None or minimal use of chemicals in our production.



- ✓ The respect for good craftmantsship is our startingpoint and daily inspiration.
- ✓ LCA and carbon footprint is calculated for our products.
- ✓ We are pioneering Nature Based Solutions in more areas, eg. coastal protection.
